Leave Policy Made Clear By Board

"There seems to be wid inderstanding about the new sabbatical leave policy voted by the county school board for teach-ers and all members of the county instructional staff," county school hoard member James E. Williams said here this week. Administra-tive personnel can also qualify for ne policy.

Qualifications established and

voted by the board are such that at this time a maximum of 26 at this time a maximum of 26 teachers or instructors is the total who could avail themselves of the new policy at any one time, from the almost 2,600 teachers and in-

the almost 2,600 teachers and instructors employed by the board. Sabbatical leave for full-time instructional and administrative personnel as defined by Florida law, may be granted "atter-each seven consecutive years of satisfactory service" for one half year at half pay, for the purposes of either health restoration, professional or academic advancement, or travel. Providing, 'however:

Biggest State Raise Goes To Reid Clifton

The Cabinet Budget Commission in Tallahassee Tuesday passed out salary raises to many state employees ranging from 2.5. percent to 38 percent. The largest increase amounting to 38 percent went to Reid Clifton, deputy director of the Department of Public Safety-Florida Highway Patrol. His salary was boosted from \$9.780 to \$13.500 a year. The new salary of Mr. Clifton is a far way from what he used to draw as a patrolman in the Pahokee Police Department more than 20 years ago before he went with the Michael of the part of the part

Flood Control To OK New Television **Tower Channel 4**

Proposals to build a 2,000-foot television tower and to construct a new six-inch oil pipeline in water conservation areas in Broward County, west of Ft. Lauderdale, have won approval of the Govern-ing Board of the Central and Southern Florida Flood Control District.

But the proposals have some attached, it was explained by Ed Dail, FCD executive director, at the meeting Friday in West Palm

The TV tower must also be approved by other governmental agencies, said Robert L. Searle of Coral Gables, Board member, who made the motion to grant the per-mission requested by WTVJ (Channel 4) Miami. Other agencles include the Florida Game and Fresh Water Fish Commission, the Federal Aviation Agency, and the State Board of Conservation.

Dick Hollandss, assistant to the general manager of WTVJ, said other TV stations would be per-mitted to tie in to the new transmitter if they pay a share of the lease rental. Hollands proposed to the FCD a rental of \$1,000 per year and requested a 25-year lease. Strong opposition to the tower and pip-line was voiced by repre-sentatives of wildlife and conser-ration exemptations.

vation organizations.
But Searle said, in his opinion, nothing said at the meeting indicated that the TV tower would interfere with the purposes of the Flood Control District

Flood Control District.
Riley S. Milés, Chairman of the
FCD Board, said the objections
that were volced should more
properly be directed to other units
of government, for example, the
Grame Commission. It was moted
that the Game Commission is already on record opposing 2,000-foot towers in the conservation

If WTVJ is successful in getting If WTVJ is successful in getting often necessary approvals, the new fower would be built at a location about 15 miles west of Ft. Lauderdale, east of U.S. 27 mm north of State. Road 84, Hollands said. He added that the stition will need a 160-acre site as the huge tower will require guy wires extending out 1,300 feet in all directions. Questions about future sivation hazards, were raised by Stam Weed-

hazards were raised by Stan weedthe Broward County Water Control Engineer, and by George
Crawford, assistant vice president,
of Arvida Corporation. Both
stressed the possibility that Broward County may want to build a
jetairport in the future only a few
miles south of the proposed TV

miles south of the proposed TV tower—on lands south of SR 34 and east of U. S. 27.

Hollands said the FAA has denied WTVJ permission to increase the height of its present 1,049-foot tower at Hailandale, and that three consultants to WTVJ have advised that only a tower location in Conservation Area 2 or 3, near Andytown, would be likely to win FAA authorization.

Searle's motion to approve the AA authorization.

Searle's motion to approve the tains.

tower, under conditions, almost failed for want of a second. After considerable discussion, however it was seconded by C. A. (Mutt)

Thomas of Lake Harbor.

William R. Scott of Stuart voted a loud "No" to the TV towers and T. R. (Tommy) Tomilnson of Mel-bourne abstained from voting. Hollands said the tower would

provide a much improved signal, far wider TV coverage in all direc-tions, and a better quality picture.

Gold Coast Plans Crusade, To Be On **WEAT Television**

ne "Gold Coast Television Cru-sade" will be launched Sunday night with a sermon "How to Have the Great Society", in "the Chapel-By-The-Lake in West Palm Beach.

Scores of churches of all denom scores of churenes of all denominations on the entire coast will take part in this unusual revival-crusade, said chairman the Rev. William Hinson, pastor of the First Baptist Church of Fort Lauderdale.

The services will be held nightly though Lut 25th with De. Lose

through July 25th with Dr. Jess Moody, pastor of the First Baptist Church, West Palm Beach, delivering the sermon.

ering the sermon.

The crusade will be televised over WEAT-TV from 9 to 10 p. m.
July 19, 8:30 to 9:30 p. m. July 20 and 21, 7:30 to 8:30 p. m. from July 22 through July 25 and 9 to 10 p. m. on July 26.
Telephone numbers will be given

in many sections of the Gold Coast, the Rev. Hinson said, in explaining the television programming. A viewer making a decision may cail the number in his area to receive counseling and be referred to the

Counsellors are being directed by chairmen appointed by the Rev. Hinson. Chairman of the north area are the Rev. Forrest Wat-kins, Stuart, and Henry Tatum of Palm City; for the Palm Beach area, the Revs. Joseph Knight, Greenacres City, and David Holt, West Palm Beach: and for South area, Donald Dendy, Fort

South area, Donald Dendy, Fort Lauderdale.

Music will be conducted by O.
D. Halll, minister of music at the First Baptist Church and guest soloist will be Mrs. Martha Branham, noted soprano of Dallas, Texas

Texas.

In addition to the crusade messages a special daily program will be held for children by Bill Mc-Garrahan, children's evangelist.
This service will be held at 7 p.
m. each day.

City Products In League Lead Still

Alvy Early doubled home Jim Tyson with the winning run in the bottom of the seventh inning to give City Products a 5-4 win over Loxahatchee's Prison Farm in 3 tense Glades Fast-Pitch Softball League game to help protect a 3½ game lead over second-place Rashley's Dry Cleaners, who split a pair of games, losing to Loxa-hatchee, 13-7 and winning from I. A. M. Local No. 57, 7-2.

Loxahatchee broke a 1-1 tie with City Products in the third inning when, after striking out, Rayford Martin was safe at first when the third strike got away from City Product's catcher, Mac Crews. Charles Deese then tripled him Charles Deese then tripled him home and George Hamlet followed with his sixth home run of the season to put the Angels ahead, 4-1. The Icemen tied the score in their half of the third when Jim Tyson singled after one out and scored when Alvy Early connected for his fifth home run, cutting the lead to 4-3. Butch Buttler followed Early's blast with a double, and alertly scored as Loxahatchee sufalertly scored as Loxahatchee sufalertly scored as Loxahatchee suf-fered a mental lapse between pitches, to tie the score. It stayed that way until Tyson opened the bottom of the seventh with a double down the left field line. Early followed with his game-win-ning hit. Phil Bonnell was the winning pitcher, striking out 10 batters and picking up his 12th victory. victory

The Angels from Loxahatchee showed much improvement as they bombed second-place Rashley's Dry Cleaners 13-7, with the power hitting of Chuck Williams and hitting of Chuck Williams and George Hamlet. Williams hit two home runs and a double while Hamlet sprayed three singles helping Phil Overfelt even his pitch-

ing Phil Overfelt even his pitch-ing mark at 4-4.

Rashley's bounced back with a 7-2 win over I. A. M. Local No. 57 behind the hitting of Ernie Soles. The big firstbaseman had a homer. double, and two singles helping Earl Vann post his sixth win against four defeats.

Fred Kemp drove in five runs with three doubles and a single as Glades Chevrolet came from be-hind and dumped I. A. M. Local No. 57, 17-8. Eddie Bückner and Frank Kruse homered for Glades

Geneva's Drive-Inn their seventh game in a row as Loxahatchee clipped them 10-8. Richard Bruce picked up the vic-tory in relief. Willie Lee homer-

ed for Geneva's.

OPENING

SOUTH BAY FLORIST

60 NW 1st St. South Bay

I will be happy to see

Mrs. Sadie Barwick

my old friends.

A message from the Treasury of a free people

Each of the seven denominations of Series E Savings Bonds shows a different President of the United States. If you're interested in this kind of art, the seven make a nice

you're interested in this kind of art, the seven make a mee collection.

Along with the hobby, Savings Bonds offer such extras as riskless investing, 334,5% more money at maturity, and financial freedom for your future.

But there are other kinds of freedom tied in with your purchase of Savings Bonds. Freedom to speak your piece, choose your job, and own your property, to name a few. Every Bond you buy, helps our government further the cause of freedom everywhere in the world today.

Why not start collecting U. S.
Savings Bonds now? Only \$18.75
each for the George Washington variety, at your bank or on Payroll Savings where you work.

Keep freedom in your future

U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising.

w 34% interest n U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

- Q: How does the new 33/4% interest rate benefit me?
- 4. With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

mature in just ' years, y montus.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 2½% for the first year and a half; then a guaranteed 4% each year to maturity.

- Q: When did the new rate become effective?
- A: June 1, 1959.
- Q: Does the new rate change the Bonds I bought before June 1, 1959?
- A: All older E and H Bonds pay more now—an extra
 %% from now on, when held to maturity. The increase takes effect in the first full interest period
- Q: Will the Bonds I own automatically earn their new
- As Yes. You don't need to do a thing—just hold on to your Bonds.
- & When my E Bonds mature, will they keep on earning interest?
- Nes. An automatic 10 year extension privilege went into effect along with the new interest rate. This means your B Bonds will automatically keep earn-ing interest after maturity.
- Q With the new interest rate, should I cash in my old Bonds and buy new ones?
- As No. The automatic 16% increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

 6 How are series H Bonds different from series B
- As The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and Families saving for, say, a people hold H. Bonds and child's education, buy F. Bonds.

- Q: In what denominations can I buy series E and series H Bonds?
- H Bonds? \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$15.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$750.00).

 H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.
- Q: How safe are U.S. Savings Bonds?
- As Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the East value of your Bonds will not drop, that it can cally grow.
- Q What if my Bonds should be lost, stolen or de-
- You can't lose. Every Bond purchased is recorded by the Treesury. If anything happens to your Bonds they are replaced—free.
- Q: Where can I buy Bonds?
- Where can I buy Bonde?

 Buy H Bonds at any bank—it takes only a few minstes. Buy them automatically through the Payroll

 Bavings Pain where you work. This Plan means you
 can have any amount you name automatically deducted every payday. The Bonds you buy by
 installments are delivered to you automatically,
 too. Your bank will take your order for H Bonds.
- thow do I help strengthen America's peace power when I buy U.S. Sevings Bonds?

 A Peace costs money—money for military strength and for edence. And money saved by individuals helps heep our aconomy sevent by individuals

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Teday Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free teday.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

Miss Jennie Williams Weds C. R. Hitchcock

Miss Jennie Meade Williams, daughter of Mrs. Margaret Com-ett. of Lexington, Kentucky, and Lt. Charles Ronnie Hitchcock of Ft. Knox, Kentucky, son of C. H. Hitchcock of Canal Point and Mrs. Mable Hitchcock of Milledgeville, Georgia, were married Friday, June 9, at the Lafayette Christian Church in Lexington, Kentucky, The Rev. Kendrick Anderson of-ficiated at the double ring cere-

The bride wore a street length, long sleeved white alencon lace sheath and her headpiece was fashioned with wisps of white illusion and a white lace bow. She car-ried a small leather Bible to which was attached her corsage of mini-

ature white rose buds.

Miss Judy Stack of Ft. Knox,
Kentucky, served as maid of
honor. She was costumed in a pale pink long sleeved crepe dress with matching hat and carried a small corsage of white rose buds. Serving as best man for the groom was his father, C. H. Hitch-

Mrs. Hitchcock attended schools in Kentucky and Europe where she resided with her mother and the late W. V. Comett.
Mr. Hitchcock is a graduate

Pahokee High School and The Cit-adel in Charleston, South Carolina and is presently stationed at Ft. Knox, where the couple plan to reside.

A reception was given at the home of the bride's mother following the wedding.

Among the out-of-town guests present were C. H. Hitchcock, Mrs. Rieder Schell, Carolyn Gaelen, Sharon Schell of Cincinnati, Ohio, Miss Judy Stack of Ft. Knox, Ken-tucky and Ben Miller Osborn of Georgetown, Kentucky.

WILLIAM W. ELAM

Former Resident Graduated U. of Ga.

William W. Elam, son of Mrand Mrs. W. B. Elam of Glenwood, Georgia and former Canal Point residents, received the Doctor of Philosophy degree in Botany at the June 5 Commencement Exercises of the University of Georgia, Athens. Dr. Elam is a graduate of Pahokee High School and a former resident of Canal Point. He was awarded a 3-year Title IV National Defense Education Act Fellowship in 1961 for work toward the Ph. D. degree. He was elected to Phi Kappa Phi Honor Society for outstanding academic achievement and was elected to membership in Phi Sigma and The Society of the Sigma Xi.

Dr. Elam has accepted a position on the faculty of Mississippi State University, Starkville, as Assistant Professor in the Department of Botany and the School of Forestry. He will begin his duties there beginning July 1, 1965.

Mrs. Elam is the former Nelle DeLoach of McRae, Georgia. They have three children. William W. Elam, son of and Mrs. W. B. Elam of

have three children

Is Water Hyacinth-

(Continued From Page 1)

Heading the Withlachoochee Project is veteran fishery biologist, Harold Moody, of Leesburg. Assisting Moody with the hyacin-th study will be J. B. Copeland, fish management aid and two hy-acinth control crews with air boats

acinth control crews with air loads and control equipment.

According to Moody, the Withla-coochee project will study the ef-fects of hyacinths and hyacinth control on the fish population and sport fishery of the river. The area designated for the study is considered one of the most heavily utilized rivers by sport fishermen of any river in the state. This portion of the river is estimated to provide 240,000 man days of fishing per

year.

To determine the value of hyacinths and | or the effects of hyacinth control on game fish, the river is being divided into three test areas.

Area one will remain untreated except that small boat navigation will be provided for by mechanical

methods.

Area two will receive chemical treatment on a limited scale to control the hyacinths to a border or fringe not to exceed eight feet from either bank of the river.

Area three will receive a maximum hyacinth eradication treatment.

ment.

All three areas will be sbjected to equal fisherman creel census during and after the study. The creel census survey is designed to determine if there is any difference in fishermans catch rate and species caught between the treated and untreated sections of the river.

river.

According to Moody, the chemicals used to control hyacinths is a harmone type herbicide and has no known effect on fish or animal life however, the Withlachoochee project will determine if this herbicide has any effect on bottom organisms or micro-corrantems.

fish. To determine the value of organisms living within the roots of hyacinths, an analysis of the stomach contents of various size ne fish will be made by the fishery biologist.

The Withlachoochee River Pro-

ject is the first study of this na-ture, and fishery biologist and fishermen in the southern/states that are affected by hyacinhar are awaiting the findings of the study that should be completed in July 1966.

HENDERSONS VACATION
